

Lower Hudson Partnership for Regional Invasive Species Management 2014 Request for Proposals

Description

The Lower Hudson Partnership for Regional Invasive Species Management (Lower Hudson PRISM) is a group of organizations and agencies that work cooperatively to promote prevention, early detection and rapid response, and strategic management of invasive species to protect conservation targets. In addition to conducting public outreach and management activities, we support research involving citizen scientists regarding ecological impact and effective control of invasive species.

The Lower Hudson PRISM is one of eight Partnerships for Regional Invasive Species Management or PRISMs in New York State. These partnerships are supported by the New York Invasive Species Council and Invasive Species Advisory Committee and are funded by the Environmental Protection Fund through contract with the New York State Department of Environmental Conservation (NYSDEC).

As the host organization for the Lower Hudson PRISM, the NY-NJ Trail Conference has a contract with NYSDEC to coordinate and administer the Partnership. In order to supplement the great work that is already being done by our partners, we are able to offer sub-contracts to the NYSDEC contract through this RFP process to complete projects that further our goals. This is not a grant program and all project proposals are subject to NYSDEC approval prior to being awarded a final sub-contract.

Objectives

Projects will be selected that address goals and objectives as outlined in our 2014 Action Plan posted at <http://nynjtc.org/LHPRISM>.

Who is Eligible?

Non-profit organizations, local governments, businesses and institutions located in or serving areas within the boundary of the Lower Hudson PRISM (see map on <http://nynjtc.org/LHPRISM>) may apply. Lower Hudson PRISM steering committee members may apply but will be required to recuse themselves from the selection process.

Procedure and Requirements

1. Review the attached project selection criteria and posted 2014 Action Plan.
2. Complete and submit the attached application along with any relevant supporting materials as a single PDF file no larger than 5MB in size by **May 1st, 2014 at 8:00 am** Eastern, emailed to: Lrohleder@nynjtc.org
3. We expect that most funded projects will be between \$2,000 and \$20,000. Proposals outside this range will be considered under exceptional circumstances.
4. Projects do not require any matching funds, but contributed funding will be taken into account

when ranking proposals.

5. Projects should be able to be completed in 2014. Multi-year projects will be considered and may be acceptable on a limited basis. In the case that a multi-year project is awarded, funding for the second year will be contingent upon satisfactory progress on the project during 2014.
6. All projects will be ranked based on the criteria listed below and the proposals that best meet our priorities will be selected by the members of the Lower Hudson PRISM Steering Committee and alternates. Groups submitting proposals that have been selected will be notified by May 15th and we will begin the contracting process right away.

Lower Hudson PRISM 2014 Proposal Selection Criteria

1. Does the proposal fit into one or more of the categories of PRISM deliverables (early detection/rapid response, eradication and control, education and outreach, research), or address at least one of the prioritized objectives of the Lower Hudson PRISM? If yes, go to question 2. If no, reject the proposal.
2. Is the work plan feasible and does the organization have the capacity to complete the proposal? If clearly no, reject the proposal.
3. How high does the proposal score (maximum of 100 points)?

Points Possible	Criteria
0-20	<p>A1. Importance (0-10 points) Does the proposal address an important invasive species, an important process (like vector management), an important impact, or an important audience (in the case of education/outreach)?</p> <p>A2. Priority Objectives (0-10 points) Does the proposal address one or more priority objectives in the PRISM's Action Plan?</p>
0 - 15	<p>B. Breadth of application Does the proposal have broad implications or applications, as shown for example by relevance to the entire PRISM region (and other regions), a wide range of species, and/or a wide range of audiences?</p>
0 -5	<p>C. Innovation Does the proposed work address the objective in an innovative way?</p>
0 - 15	<p>D. Feasibility of work plan Is the proposed work likely to meet its stated goals and objectives?</p>
0 - 15	<p>E. Capacity Do the organization and key personnel have the capacity/ability to complete the proposed project well?</p>
0 - 10	<p>F1. Partnership (0-5 points) Does the proposed work involve multiple partners? (higher points for more organizations and stronger partnerships)</p> <p>F2. PRISM Partner Involvement (5 points) Is the applicant a PRISM partner?</p>
0 - 10	<p>G. Budget</p>

	Is the funding request cost effective? (high score can be awarded for low overall budget and/or if substantial matching funds are proposed.)
0 - 10	H. Timeframe Is the proposed timeframe reasonable? Is it in line with the timeframe of the PRISM objectives?
